

## THE CRAZY BARN SHOW

**Live animated game show. 7', 25' or 55'. Inserts, shows, wraparound. Target: 8-12**

The Crazy Barn Show is a live animated game show that uncovers true farm life! Lulu the Turkey and Sir Richard the Rat are best barn buddies and they run a secret TV-station in the hayloft. Kids telephone the show and play games by phone. The kids get an animated character to represent them and both hosts and kids are lipsynced live.

Lulu the Turkey is a warm and loving spirit. She falls in love with all the farm animals - except her best buddy Sir Richard the Rat. Sir Richard is the cheeky know-it-all. He is secretly in love with Lulu. Lulu and Sir Richard interview the other animals to find out why the cows love skateboarding, the pigs like computer gadgets and the chicken gossip on mobile phones. The horses star in a local TV-soap and hardly have time for anything except being very famous and very, very important! The farm is full of animals with human-like behavior and they all strive to let it go by unnoticed so the farmer doesn't find out. When the farmer is around the animals get down on all fours and pretend to be...well, animals!

The Crazy Barn Show has a large and detailed universe. For every show the producer picks new scenes from an abundance of animated animals, TV games, scenarios and video footage. When kids telephone the show they might just see themselves as an animated squirrel!

The show enables live or live-on-tape production and it has different lengths to match client needs: Short inserts in cartoon block/magazine programs, Lulu and Sir Richard as hosts in children blocks and 25' or 55' daily or weekly shows. The Cartoon Broadcast System developed by tv-animation is the technical platform for the production. The Crazy Barn Show is developed for TV and internet.

The Crazy Barn Show entertained Swedish kids on SVT all summer of 2002 - with a 72% share!

**Oink, oink - you never thought farm life could be this fun!**
